

ABC ATTORNEYS INTELLECTUAL PROPERTY AND TECHNOLOGY NEWSLETTER SEPTEMBER EDITION 2022.

We are proud to present the inaugural ABC ATTORNEYS INTELLECTUAL PROPERTY & TECHNOLOGY NEWSLETTER. This newsletter aims to provide information and an update on developments in the world of copyright, patents, trademarks, industrial designs, technology, and other Intellectual Property rights. The Newsletter contains a variety of interesting subjects from Tanzania Mainland, Zanzibar, East Africa, and globally.

Intellectual property is at the core of every successful business. It protects inventions, ideas, or software and is, therefore, one of a company's most essential immaterial assets. The developments in this field are manifold and complex. Staying up to date on the latest developments, changes in law, and plans for reforms, especially on a global scale can be complex. This new publication by ABC Attorneys gives you the opportunity to stay close to hot topics and recent developments in Tanzania and in various jurisdictions worldwide.

It is our aim to enlighten you with the latest happenings in the field of IPR and Technology Law. It provides an overview of global developments and also addresses several contemporary issues with respect to IPR.

We would like to express our gratitude to all the contributors and editors, who have dedicated their time and effort toward the successful completion of this newsletter.
